College of Business	2746	1	Master of Professional Accounting (Advanced)	Accredited by both CPA Australia and The Institute of Chartered Accountants in Australia and recognised by the National Institute of Accountants .
College of Health & Science	2607	4	Bachelor of Construction Management	Graduates are eligible for Probationer membership with advancement to Associate membership of the Australian Institute of Quantity Surveyors after Assessment of Professional Competence.
College of Health & Science	3502	5	Bachelor of Design and Technology	Graduates are eligible for membership of the Design Institute of Australia (DIA) .
College of Health & Science	3503	5	Bachelor of Industrial Design	Graduates are eligible for membership of the Design Institute of Australia (DIA) .
College of Health & Science	3506	4	Bachelor of Computer Science	The Bachelor of Computer Science currently is accredited with the Australian Computer Society at Professional Level.
College of Health & Science	3512	2	Graduate Diploma in Professional Computing	On satisfactory completion of this degree, students are eligible for admission to the Australian Computer Society as a member at Professional Level.
College of Health & Science	3577	4	Bachelor of Medical Science	The Bachelor of Medical Science (Medicinal Chemistry Major) is accredited by The Royal Australian Chemical Institute Incorporated .
College of Health & Science	3588	1	Bachelor of Computing (Honours)	Professional accreditation by the Australian Computer Society may be available, depending on a student's undergraduate degree. The Bachelor of Computing currently is accredited with the Australian Computer Society at Professional Level.
College of Health & Science	3613	1	Bachelor of Information Technology (Honours)	Professional accreditation by the Australian Computer Society may be available, depending on a student's undergraduate degree.

College	Course Cd	Version Number	Course Title	Accreditation
College of Health & Science	3614	1	Bachelor of Computer Science (Honours)	Professional accreditation by the Australian Computer Society may be available, depending on a student's undergraduate degree. The Bachelor of Computer Science currently is accredited with the Australian Computer Society at Professional Level.
College of Health & Science	3621	4	Bachelor of Engineering	The course has been designed to meet the requirements of Engineers Australia . Six Key Programs, namely, Civil, Computer, Electrical, Environmental, Robotics & Mechatronic and Telecommunications, have received full accreditation from Engineers Australia at the level of Professional Engineer. Accreditation for the Construction Key Program will be sought from Engineers Australia in 2010.
College of Health & Science	3632	2	Bachelor of Biomolecular Science	It is anticipated that the Bachelor of Biomolecular Science with Key Program in Pharmaceutical Chemistry will receive accreditation from the Royal Australian Chemical Institute .
College of Health & Science	3633	2	Bachelor of Computing	The Bachelor of Computing currently is accredited with the Australian Computer Society at Professional Level.
College of Health & Science	3634	1	Bachelor of Computer Science (Advanced)	The Bachelor of Computer Science currently is accredited with the Australian Computer Society at Professional Level.
College of Health & Science	3637	1	Bachelor of Natural Science	The Bachelor of Natural Science (Environment and Health) key program includes a major in Environmental Health Management which if completed in addition to the key program is accredited by Environmental Health Australia (EHA) , formerly the Australian Institute of Environmental Health (AIEH).
College of Health & Science	3638	2	Bachelor of Science - Pathway to Teaching (Secondary)	The Bachelor of Science (Chemistry) is accredited by The Royal Australian Chemical Institute Incorporated . Bachelor of Science (Biotechnology) - Graduates satisfy the requirements for membership of the Australian Society for Microbiology and the Australian Biotechnology Association . Bachelor of Science (Mathematical Science) - Membership of the Australian Mathematical Society and the Statistical Society of Australia depending on the units studied. Bachelor of Science (Food Technology) - Graduates would be qualified to become professional members of the Australian Institute of Food Science . Graduates may also join other professional societies such as the Australian Society for Biochemistry and Molecular Biology, Australian Biotechnology Organisation, Australian Society for Medical Research and the Royal Zoological Society .
College of Health & Science	3639	1	Bachelor of Information and Communications Technology	The Bachelor of Information and Communications Technology is currently accredited with the Australian Computer Society at Professional level.
College of Health & Science	3640	2	Bachelor of Science	The Bachelor of Science (Chemistry) is accredited by The Royal Australian Chemical Institute Incorporated .
College of Health & Science	3641	1	Master of Information and Communications Technology (Advanced)	The Master of Information and Communications Technology (Advanced) is currently accredited with the Australian Computer Society at Professional level .
College of Health & Science	3642	1	Master of Information and Communications Technology	The Master of Information and Communications Technology is currently accredited with the Australian Computer Society at Professional level.
College of Health & Science	3643	1	Postgraduate Diploma in Information and Communications Technology	The Postgraduate Diploma in Information and Communications Technology is currently accredited with the Australian Computer Society at Associate level.
College of Health & Science	3644	1	Postgraduate Certificate in Information and Communications Technology	Accreditation at Professional Level is being sought with the Australian Computer Society .
College of Health & Science	3645	1	Graduate Diploma in Information and Communications Technology	The Graduate Diploma in Information and Communications Technology is currently accredited with the Australian Computer Society at Associate level.
College of Health & Science	3650	1	Graduate Diploma in Bushfire Protection	The course is recognised by Fire Protection Association Australia as a qualification for accreditation under the Bushfire Planning and Design scheme.
College of Health & Science	3651	1	Graduate Certificate in Bushfire Protection	The course is recognised by Fire Protection Association Australia as a qualification for accreditation under the Bushfire Planning and Design scheme.
College of Health & Science	3654	1	Bachelor of Information and Communications Technology/Bachelor of Arts	Accreditation at Professional level is being sought with the Australian Computer Society .
College of Health & Science	3655	1	Bachelor of Information and Communications Technology/Bachelor of Business and Commerce	Accreditation for the Bachelor of Information and Communications Technology at Professional level is being sought with the Australian Computer Society .
College of Health & Science	3656	1	Bachelor of Information and Communications Technology/Bachelor of Business and Commerce (Accounting)	Accreditation for the Bachelor of Information and Communications Technology at Professional level is being sought with the Australian Computer Society . Accreditation of this course with CPA Australia and The Institute of Chartered Accountants in Australia is being sought.
College of Health & Science	3657	1	Bachelor of Medical Science/Bachelor of Information and Communications Technology	Accreditation for the Bachelor of Information and Communications Technology at Professional level is being sought with the Australian Computer Society .

College	Course Cd	Version Number	Course Title	Accreditation
College of Health & Science	3661	1	Bachelor of Information and Communications Technology (Enhanced Pathway)	Accreditation is being sought at Professional Level with the Australian Computer Society .
College of Health & Science	4505	3	Graduate Diploma in Midwifery	The Graduate Diploma in Midwifery is accredited with the Nurses and Midwives Board of New South Wales .
College of Health & Science	4521	2	Bachelor of Applied Science (Honours) Occupational Therapy	The course is fully accredited with Occupational Therapy Australia . It is also a World Federation of Occupational Therapists (WFOT) approved course.
College of Health & Science	4640	1	Graduate Diploma in Naturopathy	The combined Bachelor of Applied Science (Naturopathic Studies) and Graduate Diploma in Naturopathy is accredited with the National Herbalists Association of Australia (NHAA) and the Australian Traditional Medicine Society (ATMS) . Professional accreditation will be sought from the Australian Natural Therapists Association (ANTA) .
College of Health & Science	4641	3	Bachelor of Medicine, Bachelor of Surgery	The Australian Medical Council accredits the MBBS program, and graduates will be eligible for registration by medical boards in all Australian states and territories and New Zealand, and able to apply for registration in a number of overseas countries.
College of Health & Science	4642	2	Bachelor of Nursing	The Bachelor of Nursing has accreditation and approval by the Nurses and Midwives Board of New South Wales .
College of Health & Science	4643	2	Bachelor of Nursing - Graduate Entry	The Bachelor of Nursing - Graduate Entry is accredited with the Nurses and Midwives Board of New South Wales .
College of Health & Science	4647	2	Bachelor of Medical Research	The Australian Medical Council accredits the MBBS program, and the addition of an extra year of research, as proposed here, meets one of their standards concerning provision of opportunities for research during medical courses.
College of Health & Science	4648	1	Bachelor of Nursing (Advanced)	The Bachelor of Nursing has accreditation and approval by the Nurses and Midwives Board NSW until 2013. The professional registration body will be notified of this proposal and accreditation for the Bachelor of Nursing (Advanced) course will be sought if required.
College of Health & Science	4656	1	Bachelor of Health Science	Accreditation will be sought with the Australian College of Health Services Executives (for Health Services Management Key Program) and the Diversional Therapy Association of Australia (for Therapeutic Recreation Key Program).
College of Health & Science	4658	1	Bachelor of Health Science (Sport and Exercise Science)	Graduates may be eligible to apply for membership and accreditation with the Australian Association for Exercise and Sport Science (AAESS) .
College of Health & Science	4660	1	Bachelor of Health Science/Master of Traditional Chinese Medicine	The program is designed to meet all the requirements for accreditation by the Australian Acupuncture and Chinese Medicine Association and accreditation is being sought.
College of Health & Science	4661	1	Bachelor of Health Science/Master of Podiatric Medicine	The program is designed to meet all the requirements of the Australian and New Zealand Podiatrists Accreditation Council and accreditation is being sought.
College of Health & Science	4662	1	Bachelor of Health Science/Master of Physiotherapy	The program is designed to meet all the requirements for accreditation by the Australian Physiotherapy Council and accreditation is being sought.
College of Health & Science	4663	1	Bachelor of Health Science/Master of Occupational Therapy	This program is designed to meet all the requirements for accreditation by the Australian Association of Occupational Therapists and accreditation is being sought.
College of Health & Science	4664	1	Master of Occupational Therapy	This program is designed to meet all the requirements for accreditation by OT Australia and accreditation will be sought.
College of Health & Science	4665	1	Master of Podiatric Medicine	The program is designed to meet all the requirements of the Australian and New Zealand Podiatrists Accreditation Council and accreditation is being sought.
College of Health & Science	4666	1	Bachelor of Health Science (Honours)/Master of Podiatric Medicine	The program is designed to meet all the requirements of the Australian and New Zealand Podiatrists Accreditation Council and accreditation is being sought.
College of Health & Science	4667	1	Master of Physiotherapy	The program is designed to meet all the requirements for accreditation by the Australian Physiotherapy Council and accreditation is being sought.
College of Health & Science	4668	1	Bachelor of Health Science (Honours)/Master of Physiotherapy	The program is designed to meet all the requirements for accreditation by the Australian Physiotherapy Council and accreditation is being sought.
College of Health & Science	4671	1	Bachelor of Medicine, Bachelor of Surgery/Bachelor of Arts	The Bachelor of Medicine, Bachelor of Surgery course is accredited by the Australian Medical Council until end 2013.
College of Health & Science	4673	1	Master of Mental Health Nursing (Nurse Practitioner)	This course is designed to meet all the requirements of the Nurses and Midwives Board of New South Wales and accreditation is being sought.
College of Health & Science	7004	1	Diploma in Information and Communications Technology Fast Track	It is intended that accreditation will be sought from the Australian Computer Society .
College of Health & Science	7005	1	Diploma in Information and Communications Technology	It is intended that accreditation will be sought from the Australian Computer Society .
