2 BUSINESS ARISING

2.1 Leasing of Photocopiers
This report was noted.

2.2 New Teaching Building at Parramatta Campus
The question was raised as to whether there is sufficient flexibility in the building design to accommodate any changing needs over time. Professor Wu advised that the new teaching building is likely to be the first of other teaching buildings on Parramatta campus, of which the Board would be advised in due course.

It was noted that the most efficient option for postgraduate teaching would be for appropriate spaces to be available on the Parramatta campus and timetabling arranged to give priority for these classes. However, the proposal for a Parramatta CBD presence was being reviewed by a working group led by Professor Wu. This group will consider the business case for a CBD location. The point was stressed that facilities would need to be well utilised throughout the day, with the University receiving market rates for them.

This report was noted.

2.3 Academic Program Review
The Vice-Chancellor advised that advisers are available in all Colleges to students and all affected students’ programs have been personally tailored. This system is reported to be working well.

This report was noted.

2.4 Teaching of Science
A report will be provided to the next Board meeting.
2.5 **Voluntary Student Union Legislation**

In speaking to the report before the Board, the Vice-Chancellor also referred to a tabled article from *The Australian* newspaper and a letter received from the Minister for Education, Science and Training.

The probable implications of VSU were discussed, including:

- the impact on students of a reduction in services and facilities currently provided by student organisations;
- financial impacts such as the University possibly funding some essential services it does not currently provide;
- there is a potential shortfall in fees collected in 2005, possibly because students believe the VSU is a fait accompli;
- the University will need to assess the priorities of the various services, with welfare services, food and shelter being high priorities – uwsconnect and the student associations need to do likewise;
- a worst case scenario could involve the closure of campuses due to the inability to provide adequate services across six disparate sites.

A report will be provided to the next Strategy & Resources Committee meeting and the Board will have more detailed discussions on the impact of VSU at its October meeting.

2.6 **UWS Entities: Governance and Management Framework**

This item is addressed within items 3.5 and 4.6.

3.1.2 **UWS Medical School**

As discussed at item 6.2.3, the Medical School has received approval from the Australian Medical Council of its first stage submission. The University must meet further accreditation assessments next year and a final decision is expected in November 2006. The UWS community has been advised of this via the University’s web site and an e-mail from the Vice-Chancellor to staff.

3.1.3 **Chief Financial Officer**

A Chief Financial Officer will be appointed by the end of 2005.

3.1.4 **Financial Performance**

As discussed at item 4.1, the University’s operating budget and spending are being tightly managed. The mid-year intake should improve the end of year result.
3.1.5 **Higher Education Workplace Relations Requirement**

In order to receive increased Commonwealth Grant Scheme funding of 5% in 2005 and 7.5% in 2007, the University is required to offer Australian Workplace Agreements (AWA’s) to all new staff members (including casuals employed for more than one month) and to revise its policies and procedures to meet HEWRR guidelines by November 2005.

Other issues contained in the Vice-Chancellor’s report were noted.

3.5 **National Governance Protocols**

3.5.1 **University of Western Sydney By-Law 2005**

*It was resolved:*

That the Board approves the University of Western Sydney By-law 2005 and authorises the affixing of the University’s seal.

3.5.2 **National Governance Protocols Return**

In order to receive 5% Commonwealth Grant Scheme funding increase in 2006, the University must comply with the National Governance Protocols by 30 November 2005. 4.3 Campus Development Committee
The Chair of the Committee, Ms Kibble, spoke to this report and highlighted that:

- in due course, University representatives should meet with the new NSW Minister for Planning;
- development of Westmead campus is a priority;
- the Minister for Education & Training has not changed portfolios and has been briefed and is comfortable about the University's campus development plans.

Other matters contained in this report were noted.

4.3.1 Student Accommodation Development
In discussing this report, it was noted that:

- The provision of student accommodation at the Parramatta and Penrith campuses should include the provision of pastoral care;
- The lease period will be for a considerable time, that is, more than five-ten years;
- There was considerable work and expense involved for those tendering proposals, so the University needed to accept that the receipt of acceptable proposals would carry the presumption that it would proceed with the development. It was not just an exercise in “testing the water”.
• In approving the recommendations, it is agreed that a final decision will need to come before the Board.

It was resolved:

(i) That the Board of Trustees authorises the Campus Development Committee to call for detailed proposals for the provision of student accommodation at the Parramatta and Penrith campuses; and

(ii) authorises the Campus Development Committee to assess and negotiate the most beneficial project including appropriate terms and conditions of any leasing of UWS land subject to final approval by the Board of Trustees and, as necessary, Minister for Education and Training.

4.4 Report from the Chair of Academic Senate

The Chair of Academic Senate spoke to this report. In addition to her 2.5 days per week allocated to Academic Senate, Professor Cusick has been appointed by the Vice-Chancellor to work 1.5 days per week on the following aspects of the Australian University Quality Audit project:

That the Board of Trustees approves:

that the current terms of office of the College-elected members of the Academic Senate are extended to 31 December 2005, and college elections be conducted in November and December 2005 to fill positions on the Academic Senate for two-year terms beginning on 1 January 2006.

(b) Mary Foley be confirmed as the nominated external member of the Board on the Committee.

5 REPORTS FROM OTHER UNIVERSITY BODIES

5.1 UWS Indigenous Advisory Council
The Indigenous Advisory Council is scheduled to meet two weeks after the Board meeting. The University is still awaiting the Anti-
Discrimination Board’s approval to identify the Director’s position as an identified Indigenous position. This is delaying recruitment of the Director’s and any other positions arising from the UWS Indigenous Education Review. Due to the urgency of this matter, Ms Burney sought the Board’s assistance.

It was agreed that the criteria could be amended to ‘desirable’ rather than ‘essential’, or to similar wording, to allow for immediate progress on recruitment.

5.2 UWS Regional Council
5.2.1 Business and Industry Advisory Panel
These bodies did not meet since the last Board meeting.

5.3 UWS Foundation
This report was noted.

6 OTHER REPORTS

7 MATTERS TO BE RAISED BY BOARD MEMBERS

7.1 Report from Postgraduate Student Member
Ms Sangkuhl raised the following matters:

- She has received a report that representatives of the Department of Immigration and Multicultural and Indigenous Affairs had ‘snatched’ three Sudanese students from campus. Ms Sangkuhl asked what the University’s protocol is in these situations.
- Student safety at Parramatta campus - the removal of the bus service from that campus has resulted in students waiting on Victoria Road for the bus, some of whom have been attacked. Ms
Sangkuhl asked whether it would be possible for a shuttle bus to be provided on Parramatta campus.

- The impact on students from the introduction of VSU (this matter is also recorded at item 2.5 of these minutes).

These matters were noted and will be referred to the appropriate University officers for consideration.

7.2 **Report from the Undergraduate Student Member**
There was no report from the undergraduate student member.

7.3 **Report from the General Staff Member**
There was no report from the general staff member.

7.4 **Report from Academic Staff Member**
Associate Professor McInerney raised issues of staff and student safety on Bankstown campus, on behalf of the Al Amanah College, and sought assurance that Security staff are appropriately trained to manage urgent issues.

The Board noted that the University is dealing with misconduct issues discretely, with the involvement of the Campus Provost. Student Services staff report regularly on matters and a Muslim Harmony Project group has been established following a Regional Council grant. Several projects with specific focus on Islamic issues and creating awareness and support for Muslim students on campuses are in the planning phase.

7.5 **Report from the Graduate Member**
Mr Heath advised that he had recently attended a meeting of the Alumni Development Advisory Committee, the main focus of which was the production of the Graduate Life publication. The committee reviewed content, circulation and costing and is considering sponsorship.

8 **OTHER BUSINESS**

The Chancellor also drew Board members’ attention to the publications contained in their Board folders: University Governance Professional Development Program; details of the National University Governance Conference and the UGPD on-line forum.

9 **NEXT MEETING AND CLOSURE**
The next meeting of the Board of Trustees is scheduled to be held at 9.00am on Wednesday 12 October 2005, in the Boardroom, Building AD, Werrington North Campus.
There being no further business, the meeting closed at 12.45pm.
