Of course, each point of note is at our own risk and we have been somewhat taken aback by the reply. After some consideration, we decided to move the event to another location. Everyone had a wonderful time at the Penrith Student Campus Council (Penrith SPC) event last Saturday and we are looking forward to the next event in june. Let's keep our fingers crossed for a successful event.

RECONCILING THE WEBSITE AND THE GROUNDS

On September 12th, the University of Western Sydney (UWS) Bushwalking Society (UWSBS) held its first official event of the year at the Hawkesbury campus, with a fun and educational walk that combined both. The walk, titled “Hawksbury Cupcake Day,” featured a cupcake-themed challenge, where participants had to stop at various checkpoints to solve problems and complete tasks. The competition concluded with a cupcake-themed prize-giving ceremony, where everyone enjoyed some delicious treats.

The event was open to all students, staff, and members of the public, with a total of 50 people participating. The morning started with a brief introduction by the UWSBS president, who explained the rules and guidelines for the competition. The walk was divided into five checkpoints, each with a unique challenge.

Checkpoints included:
1. Reconciliation Day Challenge: Participants had to find a hidden message on a sign in the Hawkesbury grounds, which would lead them to the next checkpoint.
2. Cupcake Mystery: Participants had to solve a puzzle related to the history of the cupcake, which would provide them with a clue to the next checkpoint.
3. Campus Map Scavenger Hunt: Participants had to locate a hidden object on the Hawkesbury campus map, which would lead them to the next checkpoint.
4. Cupcake Art Competition: Participants had to create a cupcake-themed painting or drawing, which would be judged by a panel of experts.
5. Reconciliation Day Speech: Participants had to deliver a short speech on the importance of reconciliation in Australia, which would conclude the event.

The competition was judged by a panel of faculty members, who selected the winners based on their creativity, originality, and adherence to the guidelines. The winners were awarded cupcakes, certificates, and other prizes.

The event was a huge success, with everyone having a great time, learning about the history of the cupcake, and engaging in a fun and educational challenge. The UWSBS is planning to host more events like this one in the future, so keep an eye out for more details.

If you’re interested in joining the UWSBS or participating in future events, you can contact the president at office@uwsbs.org.au or follow us on Facebook at UWS Bushwalking Society.

UWS DISBENDER

The UWS Dissenter is a student blog that focuses on issues related to free speech and democratic rights. The blog provides a platform for students to express their views on various matters, including the recent controversy surrounding the film “The Interview.”

The blog calls on workers to submit their letters to management, to demand that the university listen to staff and student concerns. The blog also encourages students to support the blog and to get involved in the debate.

“The Interview” has sparked a heated debate on free speech and democratic rights. The film, which depicts North Korean leader Kim Jong-un as a drug user and sexual predator, has been condemned by North Korea and has been banned in many countries. The film was released on December 25th, and it has been widely criticized for its portrayal of North Korea.

The blog calls on the university to listen to student concerns and to support the blog in its efforts to promote free speech and democratic rights. The blog encourages students to get involved in the debate and to propose their own ideas and solutions.

If you’re interested in submitting a letter to the blog or if you would like to support the blog, you can contact the blog’s administrators at dissenter@uws.edu.au.
