Pathways Code: **08L098**
TAFENSW OTEN  Course 9728
Diploma of Business Management  BSB50401
Bachelor of Business and Commerce/Bachelor of Laws 2740

Credit = up to 40cp’s

Refer to Matrix below

---

**IMPORTANT: MUST READ**

C = Core (a compulsory foundation unit within the degree)
SE = Specified Elective (a specified unit that would count as an elective but can be used towards a major or sub-major if required)
Unspecified Elective (a unit that can count as a free elective but cannot be used towards a major or sub-major)

Restrictions: Once credit is applied you may decide not to use it as it may restrict your elective space required to achieve major/s or sub-major/s. You can choose to study additional units if this is the case. Speak with your Head of Program about how to do this

Mathematical Reasoning Unit
If you are required to enrol in Unit 300691 Mathematical Reasoning (10cp's) as an elective you must complete this unit in addition to any elective credit you have been awarded
