4.8.5 ARTICULATION PROPOSALS

Articulation arrangements with TAFENSW for 2739 Bachelor of Business and Commerce

The Committee noted that the College of Business Education Assessment and Progression Committee had endorsed the set of articulation proposals for students entering the 2739 Bachelor of Business and Commerce with completed relevant TAFENSW qualifications.

The pathways had been mapped by a core group of Academic heads representing each key area of the BBC at a workshop in early May. A new Business Services Training Package (BSB07) was released earlier this year and is currently being delivered by all approved RTOs with the previous training package courses now superseded. These pathways have been prepared in response to the BSB07 training package to ensure currency. Details of the new training package can be found at http://www.ntis.gov.au/Default.aspx?/trainingpackage/BSB07

The table below outlines the total possible advanced standing which students, with a specified TAFENSW qualification, may be given upon entry into the 2739.2 Bachelor of Business and Commerce.

Diploma and Advanced Diploma holders are offered guaranteed entry to the course, and the advanced standing outlined for their completed course. Certificate IV holders are offered advanced standing as outlined for their completed course.

Advanced standing is dependent on the Key Program chosen, and includes specified, or specified and unspecified, advanced standing, as defined in the individual proposals. Information for students will be made available on the University’s website.
