At the University of Western Sydney, we are committed to our region. Every year, with the support of our donors, we work to increase the number of scholarships on offer to our students. We believe that that every scholarship represents an opportunity for a student to dream, aspire and achieve.

The UWS Hawkesbury Foundation supports a variety of projects and programs at UWS. By funding our scholarships, the UWS Hawkesbury Foundation are empowering our students to embark on their future with a professional and innovative approach.

Through sustained partnerships between the University, local industries, community groups and alumni, the UWS Hawkesbury Foundation aims to develop financial and physical support for the UWS Hawkesbury Campus and its community.
