

Please complete this form in **BLACK INK** using **CAPITAL LETTERS**.
 Fill in as a supplementary form to the online Research Admission Application.
 Scan and upload as part of your completed application.

1 - PERSONAL DETAILS

Title Family name

Given name(s)

2 - FOR CODES

Please indicate which Fields of Research (FOR) classification codes are relevant to your proposed research topic. A list of codes is available at:
www.uws.edu.au/research/ors/research_development_redevelopment/research_codes

FOR code	FOR code description	% Of project in this category

3 - NATIONAL PRIORITIES

Universities are asked to report to the Australian government on national research priorities. Please indicate which, if any, of the priorities you believe your thesis will address with an 'X'.

This question is for data collection only and will not affect the outcome of your application.

Additional information about national research priorities can be found at:

<http://www.innovation.gov.au/Section/AboutDIISR/FactSheets/Pages/NationalResearchPrioritiesFactSheet.aspx>

Four national research priorities and their associated priority goals:

An environmentally sustainable Australia

- Water: a critical resource
- Transforming existing industries
- Overcoming soil loss, salinity and acidity
- Reducing and capturing emissions in transport and energy generation
- Sustainable use of Australia's biodiversity
- Developing deep earth resources
- Responding to climate change and variability

Promoting and maintaining good health

- A healthy start to life
- Ageing well, ageing productively
- Preventative healthcare
- Strengthening Australia's social and economic fabric

Frontier technologies for building and transforming Australian industries

- Breakthrough science
- Frontier technologies
- Advanced materials
- Smart information use
- Promoting an innovation culture and economy

Safeguarding Australia

- Critical infrastructure
- Understanding our region and the world
- Transformational defence techniques
- Protecting Australia from invasive disease and pests
- Protecting Australia from terrorism and crime
