The Vice-Chancellor provided an overview of the University’s progress in key priority areas during 2008. The University continued in 2008 to mature and to focus on its strategic priorities. It now has a settled and productive structure and a growing momentum and sense of optimism. In reports to each Board meeting this year an array of achievements of staff and of the University was reported. UWS is now seen in the sector as an institution “on the move”.

The Vice-Chancellor thanked the Board for their excellent support throughout the year, and the Chancellor for his continuing support, sage advice and calm oversight of the University’s governance.
3.3 Uses of the University Seal

It was resolved:

That the uses of the University Seal since 22 September 2008 be approved.

3.6 Student Services Fee

UWS has yet to decide on the imposition of the fee and the services to which any funding might be applied, as well as the process of consultation with students.

4 REPORTS AND RECOMMENDATIONS FROM BOARD STANDING COMMITTEES

4.1 Strategy and Resources Committee Reports

The Board noted the report of the Strategy and Resources Committee meeting held on 20 November and associated teleconference held on 27 November 2008. The 2009 Budget is minuted at Item 4.1.1 in the Closed Session.

UWS Strategy 2009: “Making the Difference”

The Board discussed the revisions to the UWS Strategy 2009: “Making the Difference”, noting that the major change is that Engagement is now embedded in all aspects of the strategy rather than separated out as a stand-alone initiative.

Resolution:

It was resolved:

That the Board of Trustees approves the UWS Strategy 2009: “Making the Difference”.

Student Accommodation

The Board discussed the proposal to borrow $28m for the construction of new student residences at Campbelltown and Penrith, noting:

- The Board had previously agreed that these expanded residences are essential;
- The cash flow to service the principal and interest repayment will come from the operating surpluses of the Conferences and Residential Colleges Ltd – that is, it will be self-funding;
- The full details on building and borrowing costs are not yet available. To have the accommodation available for the beginning of 2010, work needs
to commence as soon as possible in the January/February 2009 period - which is before the next Board meeting.

The Board was therefore asked to approve the proposal in principle and refer the final decision to the Board Standing Committee, on the understanding that all figures are in accordance with the business case and any major changes will be circulated to the Board.

**Resolution:**

*It was resolved:*

That the Board of Trustees approve, in principle, that the University enter into loan arrangements of the order of $28 million, as part of a general loan facility arrangement, to fund the construction of additional student residences, subject to review of the final detailed financial proposals and business model.

That the Board of Trustees delegates to the Board Standing Committee the approval to secure the loan to build the residences.

---

**4.2 Audit and Risk Management Committee**

The Board noted the report of the Audit and Risk Management Committee meeting held on 5 November 2008. The Committee is particularly concerned about excessive untaken annual leave balances and the Board agreed that the University’s Executive should focus on ways to reduce these balances.
The ARMC Chair advised that Board Committee Chairs had met that morning, prior to the Board meeting, to discuss and identify risk within their portfolios. They will meet each year and any outcomes will be fed back into the risk management process of the University.

The Board noted the ARMC’s consideration of changes to research financial delegations.

Regarding the casual vacancy for the previous Postgraduate Member of the Board, Mr Gang Zheng, the R&NC had resolved to not make an interim appointment but rather to invite the student elected in March to attend the April and June meetings of the Board.
