(As with all of the questions in this questionnaire, any information you provide here will appear in your public report.)

UWS has a long term commitment to gender equality and there are a number of ongoing programs and projects under development designed to support staff.

An important recent initiative has been the establishment of the Vice Chancellor’s Gender Equality Committee. The Committee which chaired by the Vice Chancellor has developed a draft UWS Gender Equality Strategy document for consultation. This strategy document will underpin the further progress of gender equality at UWS. Key focus areas for the future
- An organisational culture and a working environment that is inclusive and fair to both women and men
- Improving the Representation of women in leadership and management positions with a focus on the STEM Disciplines
- Reducing Gender pay equity gaps
- Building a flexible workplace which enables staff to balance work and life responsibilities

The University also launched this year a suite of new grants and awards to better support academic staff with caring responsibilities and those who have experienced career interruptions. Included in the suite are conference support grants, career interruption grants to assist with research and a Women's Fellowship.
