Molecular protection from
noise-induced hearing loss:
insights from transgenic mice

Gary Housley

Department of Physiology
University of New South Wales

The School of Medicine (Building 30) is located on Goldsmith Avenue at the Campbelltown Campus of the University of Western Sydney. Take the Narellan Rd Exit off the M5, turn right at the roundabout into the UWS campus, follow the road and turn left at the T-intersection. Follow this road to the car park opposite the School of Medicine.
