| <p>The tuition fees quoted above are the fees for the normal full-time study load of the course (80 credit points per annum) in the year specified unless otherwise indicated. International students will be subject to a variable fee regime; i.e. be required to pay fees during their course based on the approved fee for each calendar year. Fee changes (if any) will occur at 1 January each calendar year. The estimated total course fee given in offer letters will include the estimated tuition fees (based on the above information) and estimated student association fees for the duration of the course. Students who extend their course past the normal finish date of the course, either by repeating subjects through failures or by taking extra subjects, will be required to pay additional fees to be determined at the time, based on the prevailing fee levels.</p>  |             |                     |        |        |                                |   |             |

| <p>^ The B Nursing (Graduate Entry) 4643 requires completion of 170 credit points ie. 1st year 100 credit points; 2nd year 70 credit points. The first year includes a pre-requisite introductory unit which is worth 20 credit points (UWS units are usually 10 credit points) studied in the summer session. Therefore, based on the 2011 rate, annual fees are set out as follow: 1st year \$26,000; 2nd year \$18,200. Note: the 2nd year fee is subject to change due to a variable fee regime i.e students will be required to pay fees based on the approved fee for that calendar year. All students will need to successfully complete the pre-requisite introductory unit called 'Introduction to Nursing' before being allowed to continue their study in the B Nursing (Graduate Entry). This unit has been organised to enable student feedback from week one (1). Students will be alerted in week three (3) of study if they are at risk of not passing the unit. If students do not pass the pre-requisite introductory unit, they will automatically be made an offer into the standard three (3) year B Nursing program (code 4642) for the February 2011 intake. Alternatively, students may nominate another UWS course for which they would like to be assessed. A special orientation program for B Nursing (Graduate Entry) students is normally held prior to the commencement of the course.</p> |             |                     |        |        |                                |   |             |
| <p># The consecutive combination of an undergraduate 'pathway to teaching' degree [B Arts (Pathway to Teaching Primary), B Arts (Pathway to Teaching Secondary), or B Science (Pathway to Teaching Secondary)] and the relevant postgraduate teaching qualification [M Teaching (Primary) or M Teaching (Secondary)] will prepare students for a career in primary or secondary teaching (depending on the Masters program studied). This can be completed in 4-4.5 years of study if the M Teaching accelerated mode is undertaken. A packaged offer is available. Please check the website for details.</p>   |             |                     |        |        |                                |   |             |
| <p>## Bachelor of Education (Birth -5yrs) Admission is only available to graduates of the Diploma of Children's Services (or equivalent). All students will receive 80 credit points (1 year full-time study) of advanced standing upon entry to the degree (as all students will hold the Diploma or equivalent). All students will have a further 3 years full time study (240 credit points) to complete the Bachelor of Education (0-5yrs). After completing the Bachelor of Education (0-5yrs) students have the option to enrol into the Master of Teaching (Primary) and complete a further 120 credit points to gain a Primary teaching degree which is delivered over 1 year (accelerated mode) or 18 months (standard mode)</p>   |             |                     |        |        |                                |   |             |
