UWS INTERNATIONAL POSTGRADUATE RESEARCH SCHOLARSHIPS

From time to time the University may also offer a number of institutionally funded scholarships called the UWS International Postgraduate Research Scholarships (UWSIPRS). These awards are made in addition to the Endeavour International Postgraduate Research Awards. The UWSIPRS carry the same conditions and living allowance as the government funded EIPRS. Applicants for the EIPRS will automatically be considered for the UWSIPRS in the event that their EIPRS application is unsuccessful. A separate application form is not required. Applicants offered the UWSIPRS should be aware that they may not be exempt from paying visa application fees since this scholarship is not funded by the Australian government. If you receive an offer of the UWSIPRS scholarship you should make enquiries with the Department of Immigration, Multicultural and Indigenous Affairs (DIMIA) about your eligibility for exemption.

CLOSING DATE

It is extremely important that you provide all information, in the format requested, by the due date. Evidence of postage by the due date is not sufficient. The application and all documentation must be received by 5.00pm on Friday 31 October 2008.

No applications or documentation will be accepted after that time.

Where applicants cannot verify a claim in the requested format it will not be considered.

ADMISSION

This application constitutes your application for both admission to the course and a scholarship. Applicants need to demonstrate prior research experience, either through an appropriate course of study, such as Bachelor Honours, a research masters degree, a postgraduate coursework degree that includes a substantial research component, or a coursework degree and additional research experience or output.

Applicants claiming academic equivalence for admission must present supporting documentation. You should address knowledge of research methodology and the ability to undertake academic writing. You may also present information about specialist knowledge and skills relevant to the area of study. Presentation of such documentation should be guided by the advice found under Appendix 2.

Additional information about admission criteria can be found on the web at:
http://www.uws.edu.au/research/prospective_candidates/apply

ELIGIBILITY FOR SCHOLARSHIP

Applicants from any overseas country, except New Zealand, who are commencing a new research higher degree and do not already hold an equivalent degree are eligible to apply. Applicants for coursework awards are not eligible to apply, even where there is a research component in the degree. Please contact the Research Scholarships Development Officer to determine your eligibility if you have already commenced the course: t.mills@uws.edu.au.

Current AusAID students are ineligible to apply.

CRITERIA FOR SELECTION

The criteria for allocation of awards is primarily academic merit. UWS uses a metric system in the first instance to rank applications. The UWS Ranking Metric is available on the web:
<http://www.uws.edu.au/research/scholarships/>

Applicants should hold at least the equivalent of an Australian First Class Honours degree. This is a four year degree with a major research project in the final year, with a score of at least 80%. Academic merit includes undergraduate performance, Bachelor Honours awards, other postgraduate degrees, publications in refereed journals, the presentation of conference papers, and relevant industry experience. You must provide evidence of research output (see Appendix 3). The University reserves the right to offer EIPRS awards in designated areas of University research strength. **Please ensure that certified copies of all academic transcripts and certificates of completion are included with your application.**

PROVISIONS OF THE AWARD

The Award provides for the full cost of tuition for 3 years for doctoral level study and 2 years for Masters Honours and overseas student health cover. The award may not provide for other fees charged by the University from time to time. The University also provides an additional living allowance of approximately AUD\$20,000 per annum.

TIME

New candidates will be allocated a maximum of four years full time for Doctorates and two years full time for Masters in which to complete the degree. Scholarships will be awarded for a maximum of six academic sessions (three years) for doctoral level study and four academic sessions (two years) for Masters Honours level study.

ACCEPTANCE

If offered a scholarship you must be prepared to commence prior to the census date for the Autumn academic session, i.e. 31 March. Deferment will only be granted in exceptional circumstances, or where there are delays in obtaining a visa. Students wishing to defer must apply to the University in writing.
