

## Employee Service Recognition Program

The Employee Service Recognition Program officially recognises and thanks long-term UWS staff for their ongoing service, support and commitment to education in the Greater West.

Employees reaching milestone anniversaries of 5, 10, 15, 20, 25 and 30 or more years of service will be acknowledged on a monthly basis and reported in each issue of *arounduws*. Ann Ahern is the contact for the Employee Service Recognition Program. Ann can be contacted on extension 7883.

The program is based on continuous years of permanent or contracted employment, calculating years of service, including part-time and maternity leave and leave without pay. HR's Concept Human Resources Information System provides the data for the program. However, this data is different from the data used to calculate long-service leave entitlements. The data also excludes periods of casual employment. In the case where there is break between contracts for longer than three days, service is calculated from the beginning of the most recent period.

### Employees Achieving Service Milestones in November & December 2009

Name	School/Unit	Milestone
<b>JANUARY:</b>
